Dobly vision
compatible

DESCRIPTION

The NorStone Jura HDMI 2.1 8K cable meets the HDMI 2.1 standard with 48 Gbps to support 4K UHD streams at up to 120 fps, 8K UHD at 60 fps, as well as various HDR standards, including Dolby Vision. It is compatible with audio tracks up to 32 channels and the eARC protocol. To maximize performance, the NorStone Jura HDMI 2.1 8K cable uses copper conductors for models up to 4m in length, and beyond that fibre optic conductors to ensure optimal transfer.

Perfectly at home with any video or home theater system, the NorStone Jura HDMI 2.1 8K cable enables full enjoyment of ultra-high resolution 4K and 8K HDR programming, as well as multi-channel tracks.

DESIGN

Conductor : *Copper*

Connector : *24K Gold plated Connector*

Body : *Aluminium Body Connector*

Finish : *White*

Finish Sheath: *Flexible Sheath - Black and White Mesh*

Diameter : *7,5mm*

PACKAGING

Quantity/box : 1

Type: *Aluminium Box*

Dimensions (H x W x D) : 1/2 m : 50 x 170 x 170 mm

4 m : 100 x 170 x 170 mm

Weight Net/Gross : 1 m : 80 g / 290 g

2 m : 125 g / 340 g

4 m : 320 g / 630 g
